

Education

Subject: A. Education

Purpose: B. The Education collection is primarily intended to support undergraduate and graduate research and teaching to the Bachelor and Master levels as well as individual faculty projects.

Academic Programs Served:

C. The Education collection supports programs primarily in various departments of the School of Education. Degrees are offered at the Bachelor and Master levels in a variety of educational subfields. Various aspects of Education are of interest to other disciplines such as Art, Biology, Chemistry, Early Childhood Education, History, Mathematics, Psychology, and Sociology.

Collection Guidelines:

D. Languages: Materials are collected in English only.

Chronology: Current materials and imprints are emphasized.

Geography: The United States is emphasized. Emphasis is on North American and British imprints.

Notes/Comments:

Lower and upper division textbooks are excluded. Materials with publication dates over 30 years old should be strongly considered for de-acquisition.

Library Liaison: June Cheng
