

## **Public Health**

**Subject:** A. Public Health

**Purpose:** B. The Public Health collection is primarily intended to support undergraduate and graduate research and teaching to the Bachelor and Master levels as well as individual faculty projects.

**Academic Programs Served:**

C. The Public Health collection supports programs primarily in the Department of Public Health. Degrees are offered at the Bachelor of Science and Master of Public Health levels. Various aspects of Public Health are of interest to other disciplines such as Nursing, Social Work, and Sociology.

**Collection Guidelines:**

**D. Languages:** Materials are collected in English only.

**Chronology:** Current issues and how past events impact the current public health situation are emphasized. Current materials and imprints are emphasized.

**Geography:** There is no specific geographic scope for this subject. Emphasis is on imprints from the English-speaking world.

**Notes/Comments:**

Lower and upper division textbooks are excluded.

**Library Liaison:** Lisa Bier
